MEMORANDUM FOR: Director of Personnel

SUBJECT : Dual Compensation

1. Attached is an opinion rendered to the Agency by the General Accounting Office concerning the nonapplication of the dual-compensation statutes to an independent-contractor type who is a retired military officer. The opinion, while not referring to [redacted], does concern him. The General Counsel's Office is following through the [redacted] case with the area division. The memorandum from SCAPS to the Director of Personnel, dated 9 May 1955, is returned. I believe it desirable that a planned program of determining the retirement status, whether military or civilian, should be established by SCAPS. Through appropriate queries upon the writing of new contracts or renewals, it would seem that the Agency would have available to it the necessary information on the basis of which it could advise the individuals concerned and make the necessary determinations of whether or not the cases are affected by the dual-compensation statutes.

2. In view of the fact that the statutes concerned affect the individuals personally, I believe careful consideration of this matter is necessary. Therefore, will you insure that the information is secured and with the advice of the Office of the General Counsel, as necessary, make the necessary determinations in accordance with the attached opinion of the Comptroller General and other laws and decisions.
